Spiral Cut and/or Boneless Hams

Spiral cut hams typically run around 15 lbs, should feed 15 -20 (but didn't at our house, because it was soooo good) \$5.50*/pound

*less than other high quality spiral cut hams but so much better

As another ham option:

Boneless Smoked Ham, not cut and no waste, runs around 12 pounds, should feed 15-20 (again it didn't at our house, because it really was amazing) \$6.50 per pound*

*we suggest you carve the boneless ham yourself, right after heating for mouthwatering, smoky moistness (however, we will slice for you, if you request).

NO Waste Turkey Breasts

A breast typically runs around 9.5#, should feed approx. 15- 20 \$6.20 per lb.*
(again, didn't last that long at our house, the turkey takes the smoke so well)

*we suggest you carve the breast yourself right after heating for mouthwatering, smoky moistness (we will slice for you, if you request)

ALSO, you can order sliced turkey or ham per pound if the packages above are too large for your family!

Both the Ham and Turkey can be slowly re-heated at about 250 degrees for 5 minutes per pound, to keep all the delicious juices intact (serve temperature should be about 150F).
